**Subject:** Agenda Topics for Friday's NEPA and ESA Meetings

Happy Wednesday,

Please let me know if you have agenda items to discuss for this week's Friday ESA and NEPA technical team meetings by tomorrow (Thursday) at noon.

For ESA, I believe we were intending to discuss transitional criteria this week as well as going over the construction impact tables. The Delta smelt PTM meeting is also scheduled for tomorrow, so if there are any outstanding items we can also discuss on Friday.

Anything for NEPA? I know we've been in a bit of a holding pattern due to the public comment period, but if there are items that have come up in your reviews, please let me know and we can discuss.

Thanks for your help.

Michelle
